

FINTELLIX

NAVIGATE RISK.DRIVE GROWTH.

We deliver better business outcomes for you through cutting edge technology, data, and insights.

WHO ARE WE

Fintellix is a global Risk and Regulatory solution provider to regulators, large banks, NBFCs and insurance companies. We have tailored our solution on basis of recent regulatory changes for NBFCs in India to cater to your needs. Our data driven philosophy assist NBFCs to identify and mitigate risks accurately and comply to local regulatory needs on time. Our consultative approach curated by our industry experts and technical gurus helps NBFCs to seamlessly embrace current and future regulatory changes.

WHY NBFCs PREFER FINTELLIX

-  **Experience Tailored for India:** Over 17 years of expertise in regulatory reporting for BFSI, with a special focus on the Indian Banking and NBFC sector.
-  **Innovative Technology:** Expertise in creating unified and normalised data from complex siloed data and use it for multiple use cases, AI/ML for insights and industry-specific reports.
-  **Simplicity amidst Complexity:** Our product design ensures easy execution of intricate business logic, with prebuilt regulatory taxonomies, empowering NBFC professionals.

INDUSTRY RECOGNITIONS
